

**Proposed Resolution by Director Steve Fischer:**

*Be it resolved by the State Bar Board of Directors.*

*A. That we appreciate and commend the work of the Remote Task Force in addressing the issue of remote hearings.*

*B. That the Texas Supreme Court and the Office of Court Administration, establish and promulgate rules and procedures that allow attorneys, in conjunction with the resources available to the judiciary, to have the option of conducting all non-contested and non-witness hearings by Zoom Video Conferencing or other reasonably available electronic means. Jury trials shall remain within the province of the judiciary.*

*3. That the Office of Court Administration compile and maintain a website requiring as few "clicks" as possible listing the Remote Log-in credentials of all Texas Courts as well as any rules particular to that court.*
